

## ColorWorks Wood Varnish

Ord.-no.: look at ordering information

## Technical Information

ColorWorks Wood Varnish is the ideal solution for treating both treated and untreated wood, ensuring a flawless wood finish every time. This high-quality varnish is available in a variety of colours, allowing you to customise and enhance the natural beauty of your wood surfaces. Whether you are looking to protect new wood or refresh older pieces, ColorWorks Wood Varnish offers excellent coverage and durability, providing long-lasting protection and a stunning finish.

### Quality & properties

- Durable gloss
- Good coverage and filling power
- Scratch-, bump- and shock-proof
- Resistant to fuel, chemicals and weathering influences
- Natural wood colour

### Physical & chemical data

- Vapour pressure: 3500/20 bar

### How to use

- Cover surface not to be treated with masking tape.
- Shake for 2 minutes before use.
- Spray to test compatibility on an inconspicuous area.
- Spray several thin coats at intervals of 2 minutes.
- Keep a distance of ca. 25-30 cm.
- Best painting results with a surrounding temperature of ca. 20°C.
- No primer necessary. The best results will be achieved on bare metal!
- Leave to dry for 1 hour.
- Heat after ca. 1 hour (160°C) for the lacquer to harden.
- The thinner the coating, the higher the temperature resistance.

#### Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

#### Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

#### Marking/Labelling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

As of June 3, 2024 – This release replaces all eventually earlier issued versions.
