

SUPER ORANGE

CPNP reference No. 1200579 under Art. 13 of Reg. (EC) No. 1223/2009

Product data sheet

Description

Hand-washing cream with mineral microgranules

Kind of soiling

Grease, oil, lubricants, hydrocarbons, bitumen, carbon black, rust, graphite...

Instructions

Apply the desired amount of cream directly onto the hands, rub in until the dirt is completely emulsified, then rinse thoroughly. In order to exploit the full potential of the product, it is recommended not to wet hands before washing and during rubbing.

Main features

- Orange and aloe extract
- Recommended for removing greasy dirt
- Enriched with softening and moisturising substances
- Dermatologically tested

Advantages

- Moisturises the skin
- Gives hands a pleasant fragrance
- Removes dirt, grease and impurities without aggression
- Helps to remove stubborn dirt with gentle exfoliating action
- Easy to rinse: no residue on the skin

Tests performed

Patch test

Test carried out using an occlusive method, using patches on a suitable number of volunteers. The product is left in contact with the skin for 48 hours to check for irritation.

Challenge test

Test which demonstrates that the product is safe for use and is not at risk of microbiological contamination. It examines the antimicrobial effectiveness of the product on different germs.

Production site certified according to **ISO 9001** and **ISO 14001**

SUPER ORANGE

CPNP reference No. 1200579 under Art. 13 of Reg. (EC) No. 1223/2009

Technical Data

Ingredients

Aqua (water), pumice, laureth-4, sodium dodecylbenzenesulfonate, limonene, glycerin, aloe barbadensis, carbomer, parfum (fragrance), methylchloroisothiazolinone, methylisothiazolinone, CI 77891, CI15985.

Chemical-physical properties

Appearance: fluid cream
Colour : orange
Fragrance : ORANGE
pH : 6.7 +/- 0.5
Specific weight: 1000 +/- 50 g/l

Conservation

Store in a cool, dry and well-ventilated place between 10 and 35 °C. Do not expose to sources of heat or direct sunlight. At lower temperatures than those recommended, the product may undergo changes in viscosity, a problem that is solved by returning it to the above conditions.

Intervention in the event of accidental contact

Eye contact: wash immediately with running water. Seek medical advice if irritation persists. Ingestion: rinse mouth with running water without swallowing, consult the nearest Poison Control Centre.

Product life

Stored according to the instructions, the product can be stored for 36 months. Consume within 12 months after opening.

Transport

Not subject to ADR regulations.

Regulatory information

Product subject to **Regulation (EC) No 1223/2009** of the European Parliament and of the Council of 30 November 2009 on cosmetic products.

Product **is not** subject to Regulation (EC) No 1272/2008 (CLP) of the European Parliament and of the Council of 16 December 2008 on classification, labelling and packaging of substances and mixtures, amending and repealing Directives 67/548/EEC and 1999/45/EC, and amending Regulation (EC) No 1907/2006 (REACH).
