GOMMANERA BLU

Description:

Intense polish for rubber and external plastics, water-based.
Gommanera Blu is a high-viscosity polishing treatment specifically for tyres, bumpers, floor mats and external plastics. Its high viscosity formulation compared to traditional tyre shines allows greater adhesion to the surface and touch and lasting shine. After application, the product forms a protective coating that enhances the aesthetics of the treated surfaces. Ideal for beauty finishes in professional washes or car preparations.
The main features:

- A viscous water-based formula with high adhesion, even to the touch.
- Gives an intense and long-lasting wet effect.
- Gives shine to tyres, bumpers and mats.
- Perfect for markets and customers that require a glossy finish.
