CHAIN LUBE

PRODUCT FEATURES:

This product provides lasting lubrication and protection for your chain and is O, X, Z ring compatible. Its exceptional long lasting action makes it particularly suitable for dry conditions. It's also quick drying and provides outstanding anti-fling properties. Regular use helps maintain the performance and life of your chain.

PRODUCT BENEFITS:

- Long lasting lubrication.
- Fully synthetic.
- Contains Extreme Pressure and Anti Wear additives for improved load resistance.
- Penetrates and thickens.
- Anti-fling formula.
- Precision spray application minimises wastage.
- Prevents ingress of water.
- Compatible with O, X and Z ring chains.

TYPICAL APPLICATIONS:

Primarily designed for use on high speed motorcycle chains, but can be used on all moving metal parts to improve lubrication and help prevent malfunction and seizure.

DIRECTIONS FOR USE:

Before use, clean chain first with WD-40 Specialist® Motorbike Chain Cleaner to remove dirt, oil and grime. Shake can well and apply to the full length of the inside of the chain, allowing the product to run vertically down into the chain parts then leave to dry.

CHAIN LUBE:

A colourless, tacky liquid
Not applicable
app. 0.78 @ 20°C
Thin free flowing liquid. Extremely volatile
Extremely flammable, flash point below -20°C
A solution of synthetic lubricant, viscosity modifiers, anti-wear and extreme pressure additives in a aliphatic hydrocarbon solvent and butane/iso-butane/propane propellant.
Designed for use at ambient temperatures only.

PACKAGING SPECS:

100ML & 400ML AEROSOL
