

Green Book

Product Full Name: Turtle Wax Black in a Flash Trim & Tyre Shine

Long form Description:

Turtle Wax Black in a Flash Trim and Tyre Shine, is an all-in-one treatment to bring exterior plastic and tyres back to life instantly. Enriched with silicones, it restores faded plastics back to their original condition and provides a deep, long lasting and water resistant finish. A convenient aerosol for quick, easy targeted application. Both a high gloss finish or matt/satin finish can be achieved with subtle application tweaks.

Short Description:

Turtle Wax Black in a Flash Trim and Tyre Shine, is an all-in-one treatment to bring exterior plastic and tyres back to life instantly. Enriched with silicones, it restores faded plastics back to their original condition and provides a deep, long lasting and water resistant finish.

5 Bullets:

- Rich silicones and waxes bring faded plastic back to original condition
- Suitable for all exterior plastic, rubber, vinyl and tyres
- Water resistant to provide long durability
- Convenient aerosol format makes application easy
- Clear formula suitable for all colour of exterior plastics

Product Usage

How To Use:

1. Ensure all surfaces are clean and dry.
2. Shake the can well.
3. Spray evenly directly onto surface. Leave for 1 minute.
4. Buff off with a clean cloth.

Turtle Tips:

For a matt/satin finish apply and wipe immediately with a clean damp cloth. Do not use if surface is hot to the touch. Do not use on motorcycle tyres, bicycles or tyre treads, or where a slippery surface is not desirable.
