

MACROCREAM

CPNP registration no. 1200640 according to art. 13, Reg. (EC) n. 1223/2009

Product data sheet

Description

Hand cleaning cream with vegetables microgranules.

Kind of soiling

Grease, oil, lubricants, hydrocarbons, bitumen, carbon black, rust, graphite...

Instructions

Apply the desired amount of cream to dry hands, rub in until the dirt is completely emulsified and rinse

Main features

- Solvents-free
- Vegetal microgranules (hazelnut and almond shell)
- Creamy to the touch
- Flowery-fruity scent
- Enriched with emollients
- pH 5.5

Advantages

- It leaves your skin soft
- Excellent skin compatibility
- Ideal for frequent use
- "Adhesive" effect: during hand washing, it adheres to the skin and does not slip
- Eliminates odours, leaving your hands slightly perfumed
- Total hygiene, since it is distributed by pump dispenser
- It does not clog up the pipes

Available tests

Patch test

Test carried out using an occlusive method, using patches, on a suitable number of volunteers. The product is left in contact with the skin for 48 hours to check for irritation.

Challenge test

Test which demonstrates that the product is safe for use and is not at risk of microbiological contamination. It examines the antimicrobial effectiveness of the product on different germs.

Production site certified according to **ISO 9001** and **ISO 14001**
