

Armor All Shield + Ceramic Wheel Treatment & Cleaner, 500ml

A spotless set of wheels can really enhance your car's appearance. But keeping up with the cleaning can be tough. Everyday dirt, road debris and brake dust can bake onto wheels as they heat up from braking. Keep your wheels dirt free with Armor All Shield + Ceramic Wheel Treatment & Cleaner. Not only does this product clean your wheels, it helps keep them spotless for longer compared to untreated wheels. Hydrophobic Shield and ceramic technology team up in this car protectant cleaning spray to create an invisible protective barrier, helping repel and prevent dirt and road grime from sticking to your wheels. The wheel cleaner is safe for use on all factory and aftermarket coated wheels.
