Long form Description

Turtle Wax Quick & Easy is the best way to save time and effort. These 1-step products use innovative technology to deliver maximum shine and protection in a fraction of the time. This exclusive collection is everything you need to care for your car, inside and out. Turtle Wax, Wax & Dry spray wax saves you time and effort to make car care just that: quick and easy. Skip an entire step in your wash and wax routine by spraying this powerful product onto wet surfaces to speed up dry time while leaving a layer of smooth, glossy car wax on your car exterior. Our simple, spray-on solution does most of the work, giving you more time to enjoy your car's fast and flawless finish.

Short Description:

Turtle Wax Quick and Easy 1-Step Wax and Dry Spray Wax, is the quickest, easiest way to a high gloss Turtle Wax shine. Just wash car, spray and dry. Provides all the shine and protection of a traditional wax in a fraction of the time. Formulated with a blend of carnauba wax and protective polymers for maximum shine and protection.

5 Bullets:

- Incredible shine, gloss, and depth of color from carnauba wax
- Easy on, easy off without streaking
- Combines two steps in your wash and wax routine to save you time and money maintaining your car
- Advanced drying agents repel water from wet surfaces to cut back on drying time
- One-step, spray-and-wipe solution makes it easy for anyone to achieve a spotless car detail

Product Sell

Turtle Wax Wax & Dry is a car care product that combines the benefits of waxing and drying in one convenient formula. It is designed to provide a quick and efficient way to protect your vehicle's paint while leaving behind a glossy finish.

Turtle Wax Wax & Dry is formulated with a blend of advanced synthetic polymers and carnauba wax. These ingredients work together to create a protective barrier on your vehicle's surface, guarding against UV rays, dirt, and other contaminants. The wax component adds an extra layer of shine and depth to your vehicle's paint, enhancing its appearance.

This product is specifically formulated to be used after washing your car. It is applied directly to a wet vehicle, eliminating the need for a separate drying step. As you spread the product over the wet surface, it helps to repel water and accelerate the drying process, leaving a streak-free finish.

Product Usage

How To Use:

1. Wash your vehicle and rinse thoroughly
2. Leave vehicle wet
3. Shake bottle well
4. While the car is still wet, spray a light mist of the product onto a small section of the vehicle's surface. It is recommended to work on one section at a time
5. Dry and shine at the same time with a clean soft drying towel or microfiber towel

Accessories:

- Drying Towel
- Microfiber Towels
