

## DUPLI-COLOR PLASTIC PRIMER

## Technical Information

DUPLI-COLOR PLASTIC PRIMER is the perfect adhesion promoter for the subsequent painting of plastic parts. Suitable for garden furniture or other objects made of hard plastic that can be painted.

Can be used on the following hard plastics:  
PUR, PS, PA, EPDM, ABS, GRP, hard PVC.

You can then paint with DUPLI-COLOR synthetic resin, NC or acrylic paint sprays.

**Ord.-no:** 557163, 319686

### Quality & properties

Solvent-based product with special adhesion-promoting additives  
Quick-drying  
Suitable for indoors and outdoors applications  
Good resistance to outside influences  
Good flow, smooth surface

### Physical & chemical data

Base: Special resin  
Colourname: transparent  
Smell: Characteristic  
Efficiency:  

- 400 ML – 5 - 6 m<sup>2</sup>
- 150 ML – 1.8 - 2.3 m<sup>2</sup>

 Overcoatable: 15 min  
 Surfaces: coatable hard plastics (garden furniture)  
 Minimum Working Temperature: 10 °C  
 Maximum Working Temperature: 25 °C  
 Flash point: n.a.  
 Storage stability: 10 years  
 Content:  

- 400 ML
- 150 ML

### How to use

Clean surface from dirt, fat and silicone.  
Evtl. sand with sandpaper grain 600.  
Remove abrasive dust.  
Before use, shake can for 3 minutes.  
Apply max. 2 thin layers.  
Spray from a distance of approx. 25 cm.  
After drying (approx. 15 minutes) coatable with acrylic, synthetic or nitro-combi lacquers.  
Test spray at an invisible spot.

### Environmentally sound

European Aerosols is committed to apply formulations without restricted or critical ingredients and to achieve best possible performance. The caps and packagings are made of recyclable material.

### Disposal

Only the completely emptied cans should be put into the recycling skip or appropriate container for reclaimable refuse. Cans which are not empty should be disposed off as "special refuse".

### Marking/Labelling

All products made by European Aerosols comply with the actual labelling regulations according to Preparation Guideline 1999/45/EG. All aerosols correspond to TRGS 200 and TRG 300 as well as to aerosol guideline 75/324/EWG in the actually valid version.

**As of August 4, 2025** – This release replaces all eventually earlier issued versions.
