

Green Book

Product Full Name: Turtle Wax Scratch Remover

Long form Description:

Turtle Wax Scratch Remover 100ml is an all-in-one anti-swirl premium grade compound that removes minor scratches and swirls to deliver a mirror-like shine. It is easy to use and does not require hard buffing, ideal for lighter restoration jobs. Suitable for even clear coats.

Short Description:

Turtle Wax Scratch Remover 100ml is an all-in-one anti-swirl premium grade compound that removes minor scratches and swirls to deliver a mirror-like shine.

5 Bullets:

- Ultra fine abrasive powders are powerful enough to remove scuffs, scratches and paint transfer but will not cause micro scratching or swirl marks.
- Added solvents ensure easy application and removal, no hard buffing required.
- Safe for all paintwork types including clear coats and metallic.

Product Usage

How To Use:

1. Apply using a soft damp cloth or foam applicator pad.
2. Rub into the area using firm pressure in a back and forth motion.
3. Leave to dry to a haze then wipe off with a dry cloth.

Turtle Tips:

Scratch remover is intended for use on light scratches and swirl marks. It will not remove deep scratches and stone chips. For deep scratches and stone chips, use a touch up paint (as per manufacturers instructions) and apply Scratch Remover to blend the finish. Follow up with Turtle Wax Car Wax for shine and protection.
