

HYBRID SOLUTIONS CERAMIC 3 IN 1 DETAILER

Product Sell

Product Full Name : HYBRID SOLUTIONS CERAMIC 3 IN 1 DETAILER

Long form Description

Introducing Turtle Wax Hybrid Solutions Ceramic 3-in-1 Detailer for the longest protecting detailer ever! Use this product regularly in between washes to safely clean & shine while delivering ceramic protection and super-hydrophobic polymers to your vehicles surface. Turtle Wax Hybrid Solutions Ceramic 3-in-1 Detailer contains hydro-glide slick waterless wash polymers for scratch free cleaning and protection on all surfaces. This product will keep your car's exterior looking new and helps your car stay cleaner longer with a super-hydrophobic barrier to help prevent dusty soils from re-depositing on exterior surfaces. With Turtle Wax Hybrid Solutions Ceramic 3-in-1 Detailer, car care has never been easier.

Short Description: Introducing Turtle Wax Hybrid Solutions Ceramic 3-in-1 Detailer for the longest protecting detailer ever! Use this product regularly in between washes to safely clean & shine while delivering ceramic protection and super-hydrophobic polymers to your vehicles surface. Turtle Wax Hybrid Solutions Ceramic 3-in-1 Detailer contains hydro-glide slick waterless wash polymers for scratch free cleaning and protection on all surfaces.

5 Bullets:

- **REJUVENATES SHINE & PROTECTION:** Safe waterless cleaning that intensifies shine and adds ceramic wax protection.
- **BETTER THAN YOUR STANDARD DETAILER:** Easy spray formula is infused with super hydrophobic and SiO2 polymers, creates durable protection, intense shine, and superior water beading in between washes.
- **PROTECTION THAT LASTS:** Formulated with ceramic infused wax that stands up to diverse environmental conditions, even with regular washings.
- **LUXURIOUS & CONVENIENT CLEANING:** Silky feeling Hydro-glide polymers trap and encapsulate dirt and grime that wipe away easily with a microfiber cloth.
- **SCRATCH FREE CLEAN:** Can be used on all non-porous exterior surfaces including glass and wheels. Not recommended for soft side convertible tops.

Product Usage

How To Use:

1. Shake the bottle well before use to ensure that the product is mixed properly.
2. Spray one panel at a time. For moderately soiled cars, soak each soiled area
3. Use a clean microfiber towel, gently rub the product onto the surface
4. Repeat the process on the remaining sections of the vehicle, working one panel at a time.

Multiple Uses

Can be used on all non-porous exterior surfaces including glass and wheels. DO NOT use on convertible roof tops.

Accessories:

- Microfiber Towel

Partner Products:

- Hybrid Solutions Ceramic Wash & Wax

Hybrid Solutions Ceramic 3 in 1 Detailer is a versatile detailing spray designed to provide long-lasting protection and shine to your vehicle's exterior surfaces. The advanced formula combines ceramic and graphene technology, creating a durable and protective layer that resists harsh weather conditions, UV rays, and environmental contaminants.

In addition to its protective properties, the 3 in 1 Detailer also cleans and enhances the appearance of your vehicle's paintwork, glass, and wheels. The product effectively removes dirt, grime, and dust, leaving behind a streak-free finish that enhances the color and clarity of the surface.

The product is easy to apply and can be used on all types of paintwork, including clear coats. It comes in a convenient spray bottle, making it easy to apply and store. The detailer can be used as a standalone product or as a maintenance product to extend the life of existing ceramic coatings.

Hybrid Solutions Ceramic 3 in 1 Detailer is safe to use on chrome, glass, and plastic trims, leaving them with a sleek and polished finish. The product is also environmentally friendly and free from harmful chemicals that can damage your vehicle's surfaces.

Overall, Hybrid Solutions Ceramic 3 in 1 Detailer is an excellent choice for those who want to protect and maintain their vehicle's exterior surfaces while enhancing its appearance with a long-lasting shine.
